**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
DISTRICT 6, SPRINGFIELD**

Overview

Highway District 6 encompasses 15 counties in west central Illinois and includes the cities of Springfield, Quincy, Jacksonville, Lincoln and Taylorville, plus many smaller communities, which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 6 consists of 2,092 miles of highways and 840 bridges, supporting 10.5 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.186 billion annually for the FY 2005-2011 period. Approximately \$412 million will be provided during FY 2005-2011 for improvements to state highways in District 6. The following table summarizes anticipated accomplishments on the state highway system in District 6 during this time frame.

FY 2005-2011 Accomplishments

Interstate Rehabilitation (miles)	67
Interstate Bridges (number)	8
Other Bridge Rehab/Replace (number)	56
Resurfacing/Widening (miles)	298
Major Highway Construction (miles)	21
Traffic/Safety Improvements (locations)	78

Major projects of interest that are tentatively scheduled during the FY 2005-2011 time frame include:

- **Interstate 72 at MacArthur Boulevard in Springfield.** A new interchange at Interstate 72, bridge widening at the Union Pacific Railroad on Interstate 72 and extension of MacArthur Boulevard from Wabash Avenue to Interstate 72 are programmed during FY 2005-2011 at a cost of \$26.7 million. Of this total, land acquisition and utility adjustments are programmed in FY 2005 at a cost of \$1.9 million. TEA-21 provided \$4.1 million in High Priority Project funds for the interchange. Local participation is required for the extension of MacArthur Boulevard.
- **US 51 – Decatur to Pana.** Since 1990, the department has invested \$43.9 million on upgrading US 51 to four lanes south of Decatur, including the completed construction for 9.2 miles from north of Elwin to north of the Macon/Shelby County line. Land acquisition, archaeological surveys and utility adjustments from 0.9 mile south of the Shelby County line south of Moweaqua to 0.1 mile north of Township Road 306 are programmed during FY 2006-2011 at a cost of \$930,000. Phase II engineering from 2.9 miles north of Illinois 16 to the Shelby County line south of Pana is programmed in FY 2005 at a cost of \$1.8 million. The remaining work to complete the 12.1-mile section from 0.9 mile south of Moweaqua to 2.9 miles north of Illinois 16 north of Pana is not currently funded.
- **US 136/Illinois 336 - Quincy to Macomb Corridor.** New four-lane highway for 21.3 miles from US 24 near Quincy to 3 miles south of Carthage and 1.2 miles from County Highway 18 to Deere Road west of Macomb are open to traffic. The construction to provide five lanes from US 136 east of Township Road 266 to County Highway 18 is programmed in FY 2004 and is anticipated to be on a summer 2004 letting. The remaining work to finish the four-lane highway from 3 miles south of Carthage to US 136 east of Township Road 266 is fully funded. Land Acquisition, utility adjustments and construction on the remaining 25.2 miles from 3 miles south of Carthage to US 136 east of Township Road 266 west of Macomb are programmed during FY 2005-2011 at a cost of \$129.9 million. Of this total, land acquisition for 1.7 miles east of Illinois 61 to US 136 east of Township Road 266 and construction of 5.0 miles of four-lane highway from 3 miles south to 2 miles east of Carthage are programmed in FY 2005 at a cost of \$20.5 million.

(Also see District 4 projects under US 136 and Illinois 336)

- **Illinois 29 from Rochester to Taylorville.** Development of a four-lane highway for 18.8 miles in this corridor is under way. New four-lane construction, bridge replacement and associated work for 6.7 miles from south of Edinburg to south of Illinois 104 in Taylorville are programmed in FY 2005 at a cost of \$23.5 million.
